

Spring Term Clubs and Activities

Artistic Activities (A)

Artistic activities involve creative expression through visual and performing arts. These activities foster creativity, critical thinking, and emotional expression.

Musical Activities (M)

Musical activities include learning and performing music. Music education helps students develop rhythm, coordination, listening skills, and cultural appreciation. It also supports emotional development and teamwork.

Sporting Activities (S)

Sporting activities refer to physical education and competitive sports. These activities promote physical health, discipline, teamwork, and resilience.

Cultural Activities (C)

Cultural activities celebrate traditions, values, and heritage whilst bringing together a diverse selection of students. These activities help students connect with their identity and others' cultures, fostering inclusivity, empathy, and global awareness.
